

REMARKS

The examiner has noted that a specific reference is required in the first sentence of the specification to any prior applications to which benefits are claimed.

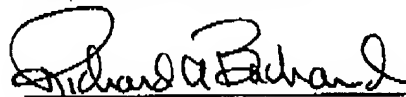

Paragraph [0000] has been amended to include a reference to prior provisional application 60/400,670, which the examiner kindly noted.

Claims 22 – 28 have been rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1 – 21 of U.S. Patent No. 6,768,448.

Submitted herewith is a terminal disclaimer in compliance with 37 C.F.R. 1.130(c). This rejection should therefore be withdrawn.

Since claims 22 – 28 are now in condition for immediate allowance, a timely Notice of Allowance is respectfully requested in this case.

Respectfully submitted,

Richard A. Bachand
